**FOR IMMEDIATE RELEASE**

**Dr. Larry K. Burton Joins Ear, Nose and Throat Specialists of Wisconsin**

**Neenah, Wisconsin (January 11, 2006)** – Ear, Nose and Throat Specialists of Wisconsin announces that Dr. Larry K. Burton, Jr. has joined the medical group, effective January 1, 2006. An independent physician's group, Dr. Burton will partner with board certified surgeons Dr. Robert Prehn, Dr. Robert Bechard and Dr. Christopher Keller in treating head and neck problems for adults and children.

Dr. Burton's areas of specialty include: sinus/nasal disease, pediatric services, snoring, ear infections, hearing restorative surgery, hearing evaluations, and head and neck surgery.

Board certified by the American Board of Otolaryngology, Dr. Burton graduated first in his class from the University of Missouri-Columbia School of Medicine. After graduating from medical school, he performed his Residency training in Otorhinolaryngology (disease of the ear, nose and throat) at the world-renown Mayo Clinic in Rochester, Minnesota. During his Residency at the Mayo Clinic, Dr. Burton was named Instructor of Otolaryngology and received numerous professional honors, including the Mayo Resident Teacher of the Year and the Mayo School of Medicine Award for Excellence in Teaching. In addition, he has extensive post-graduate training in advanced sinus surgery, laser laryngeal surgery and conservation laryngeal cancer surgery.

Dr. Burton is a nationally funded researcher in chronic sinus disease and has traveled to several of the world's leading hospitals in Austria, Germany and France to study advanced surgical techniques. An expert in various medical breakthroughs, including minimally invasive sinus surgery, laser surgery and hearing restorative surgery, Dr. Burton is skilled in all aspects of head and neck disease management.

Dr. Burton is accepting new patients at the group's Theda Clark Medical Center office and their new clinic at 2005 Midway Road in Menasha. To make an appointment with Dr. Burton or any of the ENT physicians call 1-800-435-4851 or (920) 303-4130. To learn more about ENT's staff, services and office locations visit [www.entwis.com](http://www.entwis.com).

The surgeons, audiologists and support staff at Ear, Nose and Throat Specialists of Wisconsin work together to offer the highest level of patient care in the Fox Cities. We are committed to educating our patients by providing valuable resources to help them choose the right treatment.
